

Through the Ages takeaway homework

Please try to read your book and practise your spellings throughout each week.

Starters

- Read books about the Stone Age through to the Bronze Age and Iron Age. You can go to the public library to find some.
- Find out about these human body systems: skeletal, muscular, digestive.
- Listen to music and see if you can find the pulse of the song. Remember to listen for the steady, unchanging beat.
- Draw or paint a picture using either warm or cool colours.

Mains

- Use information books or the internet to find out about Iron Age hillforts. Draw an illustration of an Iron Age hillfort and label its features, such as a hill, ditches, high walls or guarded gates. Write a short explanation about each of the features that you have labelled.
- Have a look at an atlas or globe - what countries can you name? Challenge yourself to find some countries as quick as you can!
- Can you name some natural and human features in your local area?

Desserts

- Practise your times tables to improve your accuracy first and then your speed.
- Practise your number bonds to improve your accuracy first and then your speed.
- Help to cook something at home and write down what you did.
- Bring something into school to talk about in class that will help us to understand our topic.

Each week, choose your homework from the menu. You must eat at least two meals (two starters, two mains, two desserts) throughout the half term and hand these in by the end of the term. Following parental comments, we would like to remind you that homework is voluntary and should be a fun way for children to embed their learning. Feedback is mainly given on a verbal basis and Acorn Awards are given at the Teacher's discretion.
